

The Male Side of the Movement

1 in 6 boys will be sexually assaulted by the time they are 18.

YET...

Only 1 in 71 Reports

Among male rape victims, **52.4%** of their perpetrators were acquaintances

5.3% of men have experienced sexual violence other than rape

4.8% of men reported they were made to penetrate someone

What it All Means: The term survivor is not one assigned to a gender. It is meant to represent ALL of those on the journey of healing and thriving past their experience.
